4:40 Guests:

### **Linda Stewart, Director of Neighborhood and Community Services**

- *Ms. Stewart will discuss the work being done by Neighborhood and Community Services to support housing alternatives for people experiencing homelessness in the City of Tacoma.*

5:10

### **Liz Kaster, Senior Planner and Active Transportation Coordinator, Public Work**

- *Ms. Kaster is seeking Commission input for the upcoming Requests for Proposals (RFP) for new micro mobility provider(s) (such as scooters)– which will be released 3/12.*
- 

Here are some of the questions for Commissioners to ponder

1. What accessibility elements have we missed in our draft Micromobility Operating Guidelines? What should be strengthened/prioritized? (accompanied by an overview of ADA Accessibility Elements in Draft Micromobility Operating Guidelines addressing speed, parking, parking complaints, geographic distribution, and program access).
2. The City's draft fee structure include significant fee reductions for companies that offer accessible/adaptive vehicles and/or bicycles.
  - a. Is this a preferred strategy? If so, what should the City consider as we determine if a vehicle is accessible/adaptive?
  - b. Are there other strategies the City should be pursuing to increase access to accessible/adaptive bikes and scooters?
